About \$586 is the amount of unpaid taxes placed in the hands of W. C. Maxfield for collection. This is the smallest amount for years and the only way to account for it, says William, is "because of McKinley Republican times." Electricity has been at a standstill for a week or more. This is made necessary because of repairs now being made to the gate of the flume at the plant. Those having the matter in charge are doing the best they can and hope soon to have the plant running better than ever. Saturday's Foot Ball Game.

On Saturday afternoon the campus of the Lamoille Central Academy was the scene of a lively foot-ball game between Peoples' Academy of Morrisville and Lamoille Central Academy. The Hyde Parkers won the toss and chose the North goal. Morrisville kicked the ball, which was caught by Hyde Park and made good headway toward a touch-down the first thing. After several trials the ball was carried over the line, which made the first score 5 to 0 in Hyde Park's favor. They failed to kick the goal. The second touch-down was made at about the same pace, which together with a good kick made the score 11 to 0, which ended the scoring for the first half. At no time during this half were the opposing team in possession of the ball. In the second half Morrisville took a brace and although at no time Hyde Park's goal was threatened by the opposing team, yet the Morrisvilles put up stiff defensive playing against Hyde Park making another score. In due time the ball was carried over the line again for a touch down, which with a goal kick made the final score of 17 to 0 in favor of Hyde Park. Jackson played a superb game, making winning tackles and effective center plays. McGinnis and Darling also played excellent ball, helping to roll up the score; in fact the team work as a whole was very good, both in defensive and offensive plays. Although the Peoples' Academy failed to make a score, they proved strong enough opponents to make the game an interesting one and several good plays were made by them, especially Potter. Arthur Grimes acted as referee and Dr. C. S. Leach as umpire. The line-up was as follows:—
